

Bookmarkers

by eliza@sacredspiral.com

Background
Pattern

Easy to make bookmarkers for kids!
Just color in the bookmarkers on the following pages,
cut them out, and then using the background pattern
cut out rectangles from colored construction paper.
Glue the colored bookmarkers onto the construction
paper. Use to mark your spot in books or to give away
as gifts. Enjoy!

*Note: You can use a laminator or contact paper
to make your bookmarkers more durable.
